John

My dear friend and all the family
I am writing you a few lines
to say to you my love and
affection.

My dear friend

The 2. night I do not know if you
are present with the children, perhaps
this will tell you what the children are
and how they are, I am glad to hear
of their health.

I am sure you will be glad to hear
of the health of the children, I am
glad to hear of their health.

I am sure you will be glad to hear
of the health of the children, I am
glad to hear of their health.

De tempore impedit
et prope.

I am sure you will be glad to hear
of the health of the children, I am
glad to hear of their health.

It is very dear to me
and I am sure you will be glad
to hear of their health.

I am sure you will be glad
to hear of their health.

I am sure you will be glad to hear
of the health of the children, I am
glad to hear of their health.
